Flagged items & Actions

Flagged items

Behavior-based Safety Checklist / CRITICAL SAFE BEHAVIOR / BODY USAGE & POSITION

Pinch Point (aware of and avoid pinch points - pinch points blocked, maintaining body parts out of pinch points)

asked worker if he knew about pinch points and he honestly said that he vaguely remembers them

Photo 4

Behavior-based Safety Checklist / CRITICAL SAFE BEHAVIOR / EYES ON PATH/HANDS

Travel Path (non-hazardous route of travel, a path of the least potential incident - walking/driving around spills, barricades, rough terrain)

reminded worker of proper placement of fire extinguisher

One-on-one safety observations

Other actions

0 actions
Behavior-based Safety Checklist

Safety Observation Steps:
1. Introduce yourself, put the worker at ease, and explain the process. Ask permission to do an observation.
2. Ask the person to explain the job that is being performed and define the hazards and precautions associated with the task/s they are performing.
3. Ask open-ended questions to learn more about at-risk barriers. (Ex: What's the worst accident that can happen? How could you be hurt doing this task?)

4. Observe the job and add comments by tapping NOTE/photos by tapping IMAGE. Provide positive feedback by praising safe behaviors first. Draw out the corrective action that may be required (create this action by tapping ACTION).
5. Obtain a commitment that the individual will carry out this action and thank the person for participating.

CRITICAL SAFE BEHAVIOR

PPE

Head Protection - (hard hat worn appropriately where the hazard exists)  Safe

Eye & Face Protection (proper eye and face protection for the task - glasses, face shield, goggles)  Safe
<table>

</tbody>
</table>

**BODY USAGE & POSITION**

- **The worker is positioning his body to avoid injury by any moving hazards (caught between, falling objects)**: Safe
- **Lifting (proper lifting techniques - using legs, back straight, weight close to the body, feet flat on the ground, knees bent)**: Safe
- **Pinch Point (aware of and avoid pinch points - pinch points blocked, maintaining body parts out of pinch points)**: At Risk

Asked worker if he knew about pinch points and he honestly said that he vaguely remembers them.
### At-Risk Barrier

<table>
<thead>
<tr>
<th>Training Issue, Unfamiliar</th>
<th>Apathy, Insignificant</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Awkward Position</strong> (proper body mechanics - over-extended, using leg not back when pulling)</td>
<td>Safe</td>
</tr>
</tbody>
</table>

### TOOLS & EQUIPMENT

**Tool Use/Selection** (using the right tool for the job and using it properly - correct style wrench, pry bar) | Safe |

- Tool Use/Selection (using the right tool for the job and using it properly - correct style wrench, pry bar)

### Condition - tools, even if correct for the job, must be in good condition (air hoses, hose connections, pipe wrench, etc) | Safe |

- Condition - tools, even if correct for the job, must be in good condition (air hoses, hose connections, pipe wrench, etc)

- one worker even said that he checked the last time his tools were inspected

### Position Parked (the vehicle is left in the position which creates the least possibility of an incident and safety of the public) | Safe |

- Position Parked (the vehicle is left in the position which creates the least possibility of an incident and safety of the public)

- properly parked truck and adequate traffic cones in place

### EYES ON PATH/HANDS

**Eyes On Path** (watching where you're going and go where you're watching - looking for/being aware of hazards). | Safe |

- Eyes On Path (watching where you're going and go where you're watching - looking for/being aware of hazards).

**Eyes On Hands** (aware of hand placement - watching where hands are placed during work or near hazard, not being distracted) | Safe |

- Eyes On Hands (aware of hand placement - watching where hands are placed during work or near hazard, not being distracted)

**Ascending/Descending** (proper climbing techniques on trucks and trailers - facing the ladder, not skipping rungs or steps, hold onto handles) | N/A |

- Ascending/Descending (proper climbing techniques on trucks and trailers - facing the ladder, not skipping rungs or steps, hold onto handles)

**Travel Path** (non-hazardous route of travel, a path of the least potential incident - walking/driving around spills, barricades, | At Risk |

- Travel Path (non-hazardous route of travel, a path of the least potential incident - walking/driving around spills, barricades,
rough terrain)

reminded worker of proper placement of fire extinguisher

**COMPLETION**

**Additional Observations**

Overall, our Pennsylvania South Team demonstrates safe working behavior. Improvement goals set for refresher training and total safety culture standards.
